

The logo features a stylized 'CC' where the first 'C' is blue and the second 'C' is orange, with a green circle above the second 'C'.

CULTIVATING CAREERS

The Montana Chamber Foundation and Park High School are hosting this proven community focused workforce development event that illustrates how industry and education partners can support career awareness and workforce pipeline opportunities. These hands-on experiences demonstrate the latest careers in pathways across the spectrum helping to prepare students for the 21st century. John Deere, RDO Equipment Co. and Frontline Ag Solutions have partnered with the Montana Chamber Foundation to establish these events. Students grade 9-12 from Park High School along with others from surrounding area schools have been invited for Cultivating Careers.

CULTIVATING CAREERS IS BEING PLANNED AND SUPPORTED BY THE FOLLOWING SPONSORS
